California Energy Commission

DOCKETED

09-RENEW EO-1

TN # 75005

FEB 23 2015

To Whom It May Concern:

I urge protection for the Desert Tortoise Research Natural Area in the west Mojave desert. As a long-term field researcher active in tortoise conservation I assure you that the value of the land for conservation purposes is unparalleled in the west Mojave. Please acknowledge this value by removing the DRTNA and adjacent lands from consideration for solar site development. It would be a huge loss to the Desert tortoise, Mojave ground squirrel, and numerous other wildlife/plant species.

Thank you,
Ashley Spenceley
