Subject: DRECP NEPA-CEQA Comment

Categories: Ready to Docket

Dear DRECP Action Team,

My family and I are writing because we are concerned over the proposal to utilize desert habitat in a way that will adversely affect the wildlife there. In particular, we are concerned about the Silurian and Cadiz valleys.

We urge you to rethink your policies and make certain that key areas such as the Silurian and Cadiz Valleys remain protected and free from any kind of development.

Thank you for your time and consideration of our comments here submitted.

Sincerely,

The Kelly Family (five of us):

Lisa Ann
Chad
Geoffrey
George and
Tristan

Sincerely,
