DOCKETED
09-RENEW EO-1

TN # 75145

FEB 25 2015

As a resident of Yucca Valley who enjoys the untouched beauty of our vast desert areas I STRONGLY OPPOSE the use of undisturbed desert for Solar and Wind generation. I do favor Roof Top and Parking Lot Solar. The cost of grading desert land including the great amount of water that would be used in the preparation and cleaning of the panels will damage out desert far in excess of the benefits produced. Much better to spend the money on incentives for home and commercial structure roof top solar. LEAVE OUR DESERT ALONE!!!!
