California Energy Commission

DOCKETED

09-RENEW EO-1

TN # 74440

JAN 30 2015

I strongly object to the proposed desert energy plan.

Besides wrecking the area echo systems, your windmills and solar panels will end up having to be heavily subsidized as usual.

Look at Ivanpah as an example, there are many more.

Governor Brown will be long gone, (hopefully) and we will be left with devastated deserts, useless bullet trains, etc.

Hasn't worked for Obama and hasn't worked for California.

R. Wright
