

**Technical Workshop on  
DRECP Monitoring, Adaptive Management, and Climate Change  
Wednesday, May 16, 2012**

---

As mentioned by Dave Harlow at the April DRECP Stakeholder meeting, we have scheduled a technical workshop on DRECP monitoring, adaptive management, and climate change for May 16 from 1:00 p.m. to 3:30 p.m. At the meeting, we will review two technical papers on the topics, and answer your clarifying questions. We hope to have these documents posted on the website for your review by close of business on Friday or Monday.

To participate in the WebEx meeting (computer log-on with telephone audio):

1. Go to <https://energy.webex.com>.
2. Enter meeting number: 927 146 559
3. Enter meeting password: drecp@may16

To participate by phone only: Call 1-866-469-3239 (toll-free in U.S. & Canada). When prompted, enter meeting number: 927 146 559.

For those in the Sacramento area and want to participate in person, we will be meeting at:

California Energy Commission  
1516 Ninth Street  
Hearing Room B  
Sacramento, CA 95814
